

# Enjoy a clearly distinct **experience**

Your employee benefit plan has chosen Lumina Imaging and Diagnostics as a partner for MRIs and CT scans.

## Convenience

- We offer same and next-day appointments.
- Results are read by specialized radiologists and sent to the provider within 24 hours.
- With convenient neighborhood locations, free parking, and mobile check-in, you are in and out and back to your life quickly.

**Located in Solon, Medina, Mentor and Westlake**

## Elevated patient experience

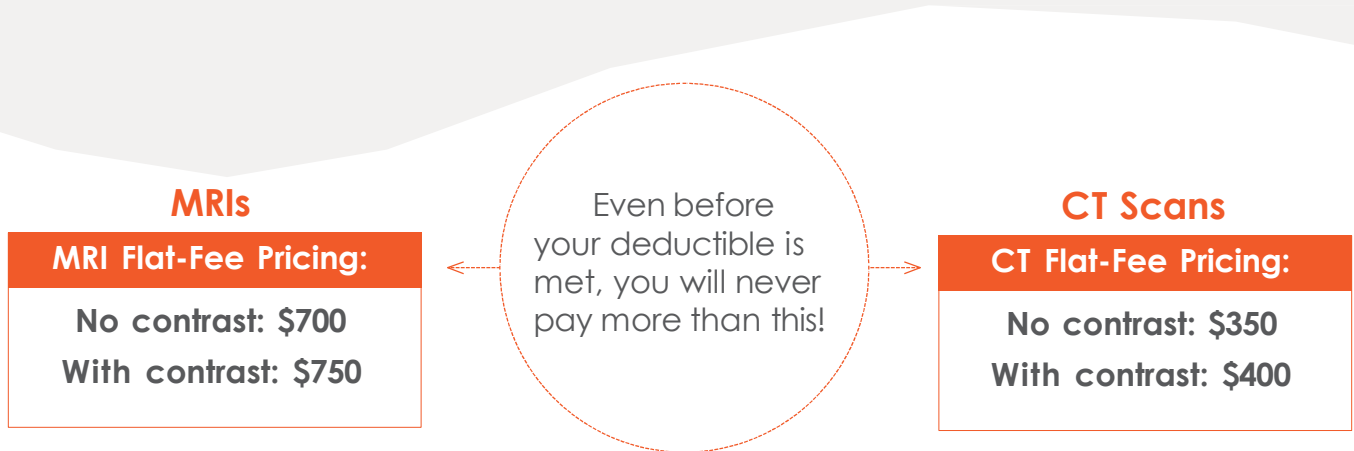

- We have the most spacious high-quality equipment on the market. Plus, you can enjoy your favorite music during your scan.
- Our comfortable, modern office will bring you calm—no hospital waiting rooms.
- We'll handle all of the insurance pre-approval, so you can focus on your health.

## Equipment and expertise

- We use the latest state-of-the-art equipment, which means you and your provider will get the clearest images.
- Our experienced technologists not only provide the best images, they provide comfort and support.
- We're fully accredited by the American College of Radiology.

# Singular focus. Multiple benefits.

At Lumina, we're focused on two things: high-quality imaging and no surprise bills. We want to provide you with clarity about both your health and out-of-pocket savings. You won't pay more than our stated price—ever.
